Anthony –

I'll get back to you in the next few days and let you know when I'll next be in So Cal. and could meet.

**Subject:** RFF Superfund

Wayne:

Hope all is well.

We have been retained by the City of Riverside with respect to perchlorate contamination in some of their water supply wells.

The City would like to have a technical meeting (no lawyers) to discuss the contamination and the RFF Superfund Site.

Any chance you will be in Southern California before April 29?

If not, we would come up to San Francisco to meet.

If the latter, I will need to confirm a date with Kevin Milligan (Riverside Water Utility GM).

April 14, 15, 18, 19 and 20 in San Francisco work for me.

Kevin Milligan and myself would attend.

Regards -
